We have successfully positioned ourselves as a market leader, building customer loyalty through education, awareness via a notable range of 'pet friendly' products.

From a humble beginning in 1978, Pets Corner has grown from a small team of two to a team of 50 dedicated staff working in tandem with our aim to nurture and inculcate responsible pet ownership through our new innovative products and services.

Today, our distribution network spans locally and abroad working closely with specialty pet stores and veterinary clinics. We are actively involved in shaping the pet industry by working closely with various governmental bodies such as the Department of Veterinary Services (DVS) as well as other clubs and associations which, provide support to partake in various activities throughout the year promoting better health care and welfare for all pets.
