NDC	NULLODOR CAT <ul style="list-style-type: none"> From 6 months to 6 years Semi round soft grain which do not hurt paws Specially studied to be extremely absorbent and to removes odour 	1.5KG X 1 Grain Size: (Semi round soft grain)	
NDM	NULLODOR MATURE CAT <ul style="list-style-type: none"> For cats above 6 years old Illness detection, silica gel which changes colour according to the urine composition (blood, alkali, bilirubine, PH). It gives you an indication of your cats health problems, allowing early treatment Blue: Alkaline, Red: Blood, Green: Protein, Yellow: Normal Urine 	1.5KG X 1 Grain size: 0.5 – 1.5mm (Fine grain, with illness indication)	

UNIQUE CRYSTALS THAT REACTS TO THE URINE COMPOSITION

Note: Mature Cat Litter reacts to certain abnormal urinary elements such as blood, bilirubin, alkali, making them immediately visible to the naked eye.

Benefits of Nullodor cat litter

NULLODOR completely **locks away odours for a month**. They are absorbed at the same time as the liquids. Whilst the liquids evaporate, the odours are trapped in the centre of the silica granules, totally blocking ammonia emissions.
