

NULLODOR makes having a cat even more fun!

Nullodor Kittens & Small Pets

This litter has been especially designed for small pets, such as kittens, rabbits, ferrets, chinchillas. It is especially suitable for kittens from birth to 6 months.

The small grain is specially studied to be gentle on fragile paws ensuring maximum comfort. Grain size: 0.5mm – 1.5mm.

Innovative Micro Crystals

Package Size: 1.5kg bag

Nullodor Adult Cat

This litter is suitable for adult cats aged 6 months to 6 years

The litter is proven to be extremely absorbent to remove odour. Its semi rounded soft grains do not hurt paws, unlike regular litter. Grain size: 0.5 – 1.5mm

Innovative Micro Crystals

Package Size: 1.5kg bag

Nullodor Mature Cat

- Suitable for mature cats aged 6 and above
- It detects urinary anomalies before the earliest symptoms of the disease appear
- Normal colours range from pale to dark yellow or olive
- If you notice other colours, consult your vet as soon as possible!
