

Taharah[®]

EXOTIC CLAY SOAP, MODERN PURENESS

TAHARAH Clay Soap contains vitamins A, C & E, clay, mineral salts and minerals such as Magnesium, Sodium, Potassium, Calcium, seagrass, olive oil, palm base and aloe wood.

Taharah soap's main use is for cleaning 'najis mughallazah' (which is in Islam, the heavy form of pollutants including pork/pig, dogs and dogs' droppings, piglets and puppies) but not only that, it also can be used as regular bath soap, clean dirt such as blood, oil and rust on clothing as well as to wash vegetables.

Suitable for all skin types including baby skin. It gives moisture to dry skin and removes excess oil for oily skin. It helps to reduce the effects of wrinkles and aging lines as well as prolonged freshness. As a natural antiseptic, it is suitable for any skin diseases such as acne, pityriasis (panau), ringworm, chicken pox, scabies, rashes, itching, dandruff and fractures on the heels. It also can be used to lower body temperature in case of hot fever.

SABUN MANDIAN TAHARAH (SABUN SERBAGUNA)

Mengandung vitamin A, C & E, tanah liat, garam mineral dan zat galian iaitu Magnesium, Sodium, Potassium, Kalsium, rumpai laut, minyak zaitun, bahan asas sawit dan kayu gaharu. Sesuai untuk semua jenis kulit termasuk kulit bayi. Ia memberikan kelembapan pada kulit kering dan membuang lebihan minyak bagi kulit yang berminyak. Dapat membantu mengurangkan kesan kedutan dan garisan penuaan serta memberikan kesegaran berpanjangan. Sebagai antiseptik semulajadi, ia sesuai untuk sebarang penyakit kulit seperti jerawat, panau, kurap, cacar air, kudis, ruam, gatal-gatal, kelemumur serta rekahan pada tumit kaki. Boleh digunakan untuk menurunkan suhu badan sekiranya demam panas.

Sabun Taharah digunakan untuk menyamak atau bersertu najis berat mughallazah (kaedah samak adalah 1 kali air Sabun Taharah: 6 kali air bersih). Boleh digunakan untuk merendam sayur-sayuran, membersihkan kesan kotoran seperti darah, minyak dan karat pada pakaian. Bagi penggunaan yang lebih berkesan, buih Sabun Taharah hendaklah dibiarkan pada kawasan badan yang bermasalah seketika sebelum dibilas dengan air yang bersih.

1 Softens and moisturizes the skin, removes body odor and dirt

2 Reduces various skin diseases, pimples and freckles

3 Various other uses such as for vegetable and cloth wash and also jewelry
